To compete with online stores, modern retailing requires a new and fresh approach to improving the "Visiting Shoppers Experience". Shoppers love information which can be difficult for the smaller retailer to get to grips with.

Qsys.co.uk are pleased to announce their collaboration with Oki Colour Printers & Bluepoint Tags and Labels; Bringing a fresh, flexible approach to in store marketing with a "Complete Point of Sale" printing solution in one simple cost effective package.

Large Posters & Banners, Shelf Labels, Bed Cards, Sticks, Ties and labels etc. can now be produced in house by any grower, nursery, or garden centre. Production of large or small format point of sale materials quickly with great descriptions including care advice, soil conditions, aspect, growth height & spread, hardiness and many more pre-defined properties directly from the Qsys database. Save prices per size for use again and again.

Learn how "Qsys Label & Poster Producer" with its database of over 21,000 Plants, Shrubs & Trees will produce anything from a "Tree Tie" to a 1.3M long poster on the New Oki C824 in no time at all and from as little as just £999 (ex vat). Together, Qsys Oki & BluePoint can handle all the printing needs of a modern Nursery or Commercial Grower and a busy sales office.

Retail Solutions For Garden Centres & Nurseries

Our Retail Solutions enable Garden Centres & Nurseries to produce an extensive range of visual communications and in-store advertising on-site, on demand saving precious time. The ability to print on a wide range of waterproof media in different formats that is UV resistant for up to 12 months, enables retailers to optimise indoor and outdoor sales areas to improve the customer experience, advertise specific products and drive overall sales.

Bluepoint

Qsys are pleased to announce their collaboration with Bluepoint Tags and Labels – The Industrial Tag & Label Specialist. As a strategic supplier, Bluepoint bring welcome competition to the market, and Qsys will be actively supporting them by including templates for all standard labels, tags and bed cards in their Infinite Label Solution software.
